Fifteenth resolution

Statutory auditors' report on the authorization of the allocation of stock options or share purchase plans

To the Shareholders,

In our capacity as statutory auditors of your Company and in compliance with Articles L. 225-177 and R. 225-144 of the French Commercial Code (*Code de commerce*), we hereby report on the authorization of the allocation of stock options or share purchase plans (the "Options") reserved for employees and executive officers of your Company or its affiliated companies within the meaning of Article L.225-180 of the French Commercial Code (*Code de commerce*) or for some of those employees or executive officer, who individually hold less than 10% of the share capital of your Company (the "Beneficiaries"), an operation upon which you are called to vote.

The maximum number of Options that can be granted by the Board of Directors and not yet exercised cannot grant entitlement to subscribe or purchase a number of shares exceeding 4% of the share capital. This limit shall be assessed when the Options are granted by the Board of Directors, by taking into account the new Options thus offered and the options from previous allocations which have not yet been exercised.

The maximum number of Options that can be granted to executive officers pursuant to the AFEP-MEDEF's Corporate Governance Code for listed companies cannot represent more than 35 % of the overall amount authorized by this Meeting.

Your Board of Directors proposes that, on the basis of its report, it be authorized by the shareholders for a thirty-eight-month period, to allocate stock options or share purchase plans.

It is the responsibility of the Board of Directors to prepare a report on the reasons for the stock options or share purchase plans and on the proposed methods used to determine the subscription or purchase price. Our role is to report on the methods proposed to determine the subscription or purchase price of the shares.

We have performed those procedures which we considered necessary in compliance with the professional guidance issued by the French national auditing body (*Compagnie nationale des commissaires aux comptes*) for this type of engagement. These procedures consisted in verifying that the methods proposed to determine the subscription or purchase price are included in the Board of Directors' report, and comply with French laws and regulations.

We have no matters to report as to the proposed methods for the determination of the subscription or purchase price.
